County Fairs. "About this time begin to look out for"—agricultural fairs. These annu-al shows are now in process of incuba-tion and presently will burst forth in all their glory, and receive enthusias-tic support or a very chilly greeting, according to the conditions of local weather and the frame of the local agricultural mind. If the "annual agricultural and horticultural meetconsists mainly of a series of in ing" consists mainly of a series of in-different horse trots, it will without peradventure be well attended. If it is only an "honest Injin" affair, intend-of to advance the industry which is the foundation and mainstay of all our business enterprises, then the chances are about even that it will barely pay expenses, even though the weather be made to order. Thus is the inconsistiency and perverseness of human nature displayed. And so it will always be. Philosophers and would-be reform-

ers, however, still have permission to believe that an agricultural fair should be one in which every member of every farmer's family can take a genuine interest; that instead of horseracing being the uppermost feature, the fair should be an exchange where exhibits of farm and garden produce and farm house industry can be compared and where farmers may bec pared and where farmers may become acquainted with new tools, new ideas and new methods, and that the tools ought not to be the dice cup; that the new methods should not include the discovery of the frisky pea or the ubiquitious ace, nor the new ideas an attempt to get possession of a roll of attempt to get possession of a roll of greenbacks by the outlay of ten cents at a wheel of fortune or because the brown mare comes under the wire ahead of the sorrel horse.—Forest,

"Judge," said a young lawyer to a very successful senior, "tell me the secret of your uniform success at the bar."

bar."

"Ah, young man, that secret is a life study, but I will give it to you on condition that you pay all my bills during this session of court.

"Agreed sir," said the junior.
"Agreed sir," said the junior.
"Evidence, indisputable evidence."
At the end of the month the judge eminded the young man of his prom-

et.
"I recall no such promise."
"Ah, but you made it."
"Your evidence, please?"
And the judge, not having any witnesses, lost a case for once!
The man who can produce indisputable evidence with public favor. putable evidence wins public favor. I had an interview yesterday with the most successful of American advertisers, whose advertising is most suc-cessful because always backed by evi-

dence.

"What styles of advertising do you use?" I asked H. H. Warner, Esq.
"Display, reading matter and paragraphs of testimonials."

"Have you many testimonials?"

In answer he showed me a large cabinet chock full. "We have enough to fill Boston, New York, Chicago, St. Louis, and Phitadelphia morning pa-pers."

pers."
"Do you publish many of them?"
"Not a tithe. Wonderful as are those we do publish, we have thousands like them which we cannot use. Why not?" Let me tell you, "Warner's Safe Cure has probably been the most successful my dean of the constant of the control of the contro most successful modicine for female disorders ever discovered. We have testimonials from ladies of the highest rank, but it would be indeficate to publish them. Likewise many men, lawyers, elergymen, doctors of world w me have been cured, but we can only refer to such persons in the most goarded terms, as we do in our reading articles."
"Are these reading articles successful?"

"When read they make such an im-ression that when the "evil days" of I health draw nigh they are remembered, and Warner's Safe Cure

ised."
"No, sir, it is not necessary now, as
"No, sir, it is not necessary now, as No. sir, it is not necessary how, as at first, to do such constant and exten-sive atvertising. A meritorious med-icine sells itself after its merits are known. We present just evidence enough to disarm skeptics and to impress the merits of the remedies upon new consumers. We feel it to be our new consumers. We feel it to be our duty to do this. Hence, best to accom-plish our mission of healing the sick, we have to use the reading article style. People won't read plain testi-monials."

"Yes sir thousands a laif that heal

"Yes, sir, thousands admit that had they not learned of Warner's Safe Cure through this clover style they would still be ailing and still impoyerishing themselves in fees to unsuc-cessful 'practitioners.' It would do your soul good to read the letters of your soul good to read the letters of thanksgiving we get from mothers grateful for the perfect success which attends Warner's Safe Cure when used for children, and the surprised gratification with which men and women of older years and impaired vigor, testify to the youthful feelings restored to them by the same means."

"Are those good effects permanent?"
"Of all the cases of kidney, liver, urinary and female diseases we have cured, not two per cent of them reports return of their disorders. Who

else can show such a record³¹¹
"What is the secret of Warner's "What is the secret of Warner's Safe Cure permanently reaching so many serious disorders?"
"I will explain by an illustration: The little town of Plymouth, Pa., has

heen plague stricken for several months because its water supply was carclessly poisoned. The kidneys and liver are the sources of physical well-being. If polluted by disease, all the blood becomes poisoned and every or-gan is affected and this great danger threatens every one who reconstruction. threatens every one, who neglects to treat himself promptly. I was nearly dead myself of extreme kidney dis-ease, but what is now Warner's Safe Cure cured me, and I know it is the only remedy in the world that can cure such disorders, for I tried every thing else in vain. Cured by it my-self, I bought it and, from a sense of duty, presented it to the world. Only by restoring the kidneys and liver can disease leave the blood and the

A celebrated sanitarian physician once said to me: "The secret of the wonderful success of Warner's Safe Cure is that it is sovereign over kid-ney, liver and urinary disca-es, which primarily or secondarily make up the majority of human ailments. Like all great discoveries it is remarkably

The house of H. H. Warner & Co., stands deservedly high in Rochester, and it is certainly matter of congratulation that merit has been recognized all over the world, and that this suc-cess has been unqualifiedly deserved,
